ADVISORY COMMITTEE COMMENTS

Add a slide to highlight Need - why this is important - put numbers on the slides.

Is all red trail existing? Clarify what is social trail and what is improved.

Design: cross section would be helpful. If not ADA, why? Maybe consider compacted gravel in some sections?

Schematic design of bridge.

Bridge cost estimate seems low - does it include installation?

Would like to see ADA addressed. Maybe some sections of trail could/should be accessible? Maybe opportunity to create short segment and viewpoint?

slides.

Phasing - some repetition.

Trail map attachment could be good to use in PPT.

How much on the creek? Looks like nearly 100%.

In application materials it calls out TH development - didn't see that in PPT. Need some pictures and site plan/design graphics. ADA possibility from these locations?

PROJECT DETAILS

Page	Grant Manager Comment
Contacts	Since the county appears to own all the property needed for the development, there is no secondary sponsor. So, please change the project roles to "alternate contacts" for the surrounding community contacts if you still want them to be a part of the project.

COSTS

Page	Grant Manager Comment
Cost Summary	Where are your cash donations and donated labor coming from? Do you have letters of support confirming this from those groups? I didn't see any attached letters of support.

APPLICATION QUESTIONS

Page	Grant Manager Comment
Development Questions	#1: I didn't see which parcel this was. Do you have an interlocal agreement? Let's discuss options here.

ATTACHMENTS

Page	Grant Manager Comment
Attachments	Control and Tenure: Thank you for the very clear control and tenure documentation! Although you mention in your application that one parcel is not owned by the county- I didn't see if you have an interlocal agreement?

SUBMIT APPLICATION

Submit Application	KJ comments on PPT:
	Say a few words while clicking thru the nice photos of canyon - otherwise not sure if you're lost or made a mistake.
	Maybe don't emphasize "backcountry"? That is the purpose of RTP.
	Improving neighborhood access points from Lakewood and UP sides?
	Don't include slides for evaluation questions 12 and 13.
